THE MINISTER OF STATE IN THE MINISTRY OF HUMAN RESOURCE DEVELOPMENT (DR. (SHRIMATI) RITA VERMA): (a) Yes Sir.

(b) A Statement is annexed.

Statement

Amendments in Transfer Guidelines for KV Teaching and non teaching employees

Particulars of Amendment made in clause	Provision of the said clause prior to amendment	Amendment done	Jusitification
In clause 10.(1) of transfer guidelines on 11.3.2002.	Where transfer is sought by a teacher under Para 8 of the guidelines after continuous stay of 3 years in NE and hard stations and 5 years elsewhere at places which were not of his choice, or by teachers falling under the proviso to Para 7 of these guidelines, or very hard cases involving human compassion, the vacancies shall be created to accommodate him by transferring teachers with longest period of stay at that station provided they have served for not less than five years at that station. Provided that Principals who have been retained under Para 4 to promote excellence, would not be displaced under this clause.	(a) The words "at places which were not of his choice" has been deleted. (b) A sentence has been added at the end of clause 10(1) as under: "For the purpose of counting the length of stay at a station, of teachers seeking transfers, a break caused by a transfer on surplus ground or because of closure of the school shall not be given cognizance, for considering the person for inclusion in priority list-II for all stations except the station from where the person had been rendered surplus.	(a) In order to have uniformity to give the benefit of figuring in priority list-II for all those who have completed a stay of 5 years or more in a station, irrespective of whether it is their choice posting or not, the amendment was done to give them a fair chance. It was very difficult to ascertain as to whether the station where the staff had joined long time ago was his choice posting or non choice posting since many teachers joined on direct recruitment/promotion even at remote places. (b) Many teachers who had put in several years of stay in a station had to be redeployed on surplus grounds at various far off stations leading to their losing the entitlement points for the stay at the previous station at the time of their prefering application for their transfer on request. Every staff member is eligible for entitlement point of one each for each year of stay exceeding 3 years in the present station in the present post subject to maximum of 20 points. These entitlements points also are taken into account while deciding the priority of a staff to the station of his/her choice. Hence, an amendment has been made to count their stay in the previous station along with the stay in the present station for awarding entitlement points to all their choice stations except the station from which he or she had been rendered surplus.
